When should I request the CL-469?
If your school or district is assisting you with renewing an Emergency CLAD permit that is about to expire.

Or
When your school or district indicates they need your CLAD Through CTEL program to sign a verification form.

Who is eligible to have the CL-469 signed by UCSD Extension?

The form specifically requires 6 semester units or 9 quarter units. All coursework at UCSD Extension is offered on a quarter unit basis. As a result, you must complete 9 quarter units.

How can I request a completed CL-469 form?
Once you are admitted to the CLAD Through CTEL program and have completed 9 quarter units of coursework you are eligible to request the form. In order to request the form, simply send an email requesting a completed CL-469 form and provide a valid address to mail the completed form to.
**Why do I have to be accepted to be eligible?**
The CL-469 form requires that any school that signs the form must verify the following:

An evaluation has been completed by this institution identifying requirements this applicant must complete to be eligible for the CLAD Certificate.

The only way UCSD Extension can evaluate this is with a complete application packet and admission to the program substantiating a student’s eligibility for our CLAD Through CTEL program.

**Where should I email the request?**
You can email the request to either of the Program Representatives in the Education Department:
