

The Osher Lifelong Learning Institute at UCSD is a membership program for adults over the age of 50 who want to enrich their lives through continued learning and engagement. Osher features twice-daily lectures and seminars by the outstanding faculty and researchers of UC San Diego and the entire San Diego academic community, as well as local leaders, artists, and musicians. Class topics include Medicine, Science, Law and Society, History, Art and Humanities, International Relations, Literature, and Social Sciences.
