AVID trainings feature a rigorous curriculum that promotes student achievement at the highest levels; laying out a pathway to student success. Educators are encouraged to apply as early as possible for program credit. The AVID Path to Schoolwide credit available is 1.5 quarter units. The AVID Summer Institute and AVID ADL credit available is 3.0 quarter units.

AVID, Advancement Via Individual Determination, is a **schoolwide transformation** effort focused on leadership, systems, instruction, and culture, and is designed to increase the number of students who **enroll and succeed in higher education** and in their lives beyond high school. The AVID College Readiness system is the only elementary through higher education instructional system (K-16), which allows for regional alignment that strengthens student potential for completion.

AVID-trained educators teach students academic and social skills to help them develop the habits and behaviors needed to succeed in **rigorous curriculum**. The AVID College Readiness System is a catalyst for developing a school culture that closes the achievement, expectation, and opportunity gaps many students face, and it prepares all students for success in a global society.
