Advanced Analysis of English Sentence Structure I
This course explores the complexities of English structures and how and when they are used (pragmatics). Special emphasis is on areas of syntax unique to English and most troublesome to non-native speakers, both prescriptive and descriptive forms. Participants will study highly specialized features of English grammar and learn how best to teach and integrate the practice of these features in all types of ESL lessons. Syntactic variations related to gender, age, socio-economics, and other factors are examined. The important connection between syntax, morphology, and semantics will be reviewed.
