Translation and Interpretation
Program Overview

We have two certificate programs, the Professional Certificate in Translation and Interpretation and the Specialized Certificate in Translation. Both programs offer the high-level instruction, quality course content, and professional training you need to enter the field, certifying to potential employers that you have the bilingual proficiency, cultural understanding, theoretical knowledge and skill set they are looking for. The employment outlook for translators and interpreters over the next eight years is excellent, with an expected increase of 29% overall (learn more from the U.S. Bureau of Labor and Statistics).

Benefits

- Online and on-site course options
- Flexible scheduling options (weekly, evening, and online classes)
- Small class sizes (approximately 16 students per class)
- Curriculum designed and taught by active translation and interpretation professionals
- Professional areas of specialization
- Financial Assistance available – for details, visit http://extension.ucsd.edu/financial

Entrance Exam

Our programs are designed for individuals who are already bilingual in Spanish and English. This signifies written fluency and an ability to complete college-level studies in both languages. To be admitted, students must complete an entrance exam: a written assessment of vocabulary, reading comprehension, and spelling in both languages. All students who pass the entrance exam are eligible to enroll in either program.

- Offered online and/or on-campus once per quarter on the scheduled date
- Graded by a qualified, bilingual practitioner in the field
- Results are available in three business days
- Retake the exam as many times as you need
- Exam cannot be transferred in or waived

Not all courses in the programs require successful completion of the entrance exam. You may enroll in select courses prior to successfully completing the entrance exam and they will count toward your certificate requirements.

Programs

The Professional Certificate in Translation and Interpretation consists of 11 courses total – eight preset courses and three elective courses which provide students with the introductory-level knowledge and skills needed to enter the field and produce accurate, high-quality translations and interpretations. Electives can be taken in Translation, Interpretation and/or in one of the four professional areas below.

- Business
- Education
- Legal
- Medical

The Specialized Certificate in Translation consists of seven courses which provide students with the introductory-level knowledge and skills needed to enter the field of translation and produce accurate, high-quality translations.

For both programs, students may enroll concurrently in more than one course, however we recommend participating in the entry level translation courses in the order listed below.

- Begin the program with Introduction to Translation
- Complete English to Spanish Translation I and Spanish to English Translation I in separate quarters.
- Complete English to Spanish Translation I and Spanish to English Translation I before Theory & Practice of Translation
