

Certificate Program Cost of Attendance 2017

The Cost of Attendance Worksheet is intended to be used as a guideline to help you determine your budget for attending a specific UC San Diego Extension program.

The Cost of Attendance Worksheet provides an estimate of the full cost of a program, which includes the certificate registration fee, course fees and required textbooks. This estimate may vary based on a variety of factors, including which elective courses you choose and when you take them. Only the minimum required electives are included in the course fees estimate. The cost of attendance does not include parking, transportation or personal expenses. **All estimated budgets are subject to change.**

The Financial Assistance Coordinator may use this estimate to verify the Cost of Attendance as part of the loan certification process or the scholarship certification process.

For an estimate for fulltime programs or programs requiring special equipment, please contact the Financial Assistance Coordinator at unex-finasst@ucsd.edu.
