## About the Courses

### When does course enrollment open for each quarter?

Our classes post to our website and become open for enrollment approximately two months prior to the new quarter starting. If you'd like to get an email reminder you can sign up for our newsletter(s) in [My Extension](#), under the "Preferences" tab.

### When should I enroll in a course?

We recommend enrolling as soon as possible, as occasionally classes will reach capacity.

### Once I have enrolled in a course, when will I get online access to it?

If you have enrolled at least three days before the course begins, you will have access starting on the first day of class. You should receive an email from Student Services with instructions for how to login to [Blackboard](#) ([ucsdextension.blackboard.com](http://ucsdextension.blackboard.com)). If you have enrolled on or after the start date of the course, you will have access to the course within approximately one business day.

### When does course enrollment close?

Enrollment in a course may be closed for one or more of the following reasons:

- The course is at capacity. If the course is at capacity you will only be able to join the waitlist. If space becomes available in the course, students on the waitlist are contacted in the order they joined the waitlist.
- The course has progressed to a point where students will no longer be able to make-up missed work and be successful in the course.
- The course is cancelled due to low enrollments.

For all three of these reasons we recommend students enroll early in the courses they are interested in.

### When is the refund deadline for courses?

The refund deadline for courses in this program is typically one week after the start of the course. This allows you to enroll in a course and participate in the course for approximately one week to determine if the course is a good fit. Then, if needed, you may either transfer your enrollment to a different course or submit a drop request.

The exact refund deadline for each section is listed in the section notes on the course page of our website. You can also find it in [My Extension](#) by clicking on "My Courses" and then the name of the course.

### What are the grading options for courses?

You may take a course for one of three options: Letter Grade, Pass/No Pass, or Not for Credit. If you are taking a course towards a certificate you *must* complete your courses for credit (i.e. Pass/No Pass or Letter Grade) and receive a C-/Pass or higher grade. Grades below a C-, No Pass, and Not for Credit will *not* count towards certificate requirements.

### Are courses transferrable?

UC San Diego Extension is not a degree granting institution. However, some Extension courses can be transferred to other colleges or universities. The transferability of credit is determined solely by the *receiving* institution. You should

discuss how your individual courses will transfer with the Office of the Registrar at the receiving institution *prior to enrolling*.

### What kind of credit do I earn?

The courses in this program are post-baccalaureate, professional-level, credit bearing courses. Credit earned in these courses may lead to the award of a formal certificate by UC San Diego Extension or may be applied toward an academic degree or professional credential, *subject to the approval of the receiving institution*.

If you wish to transfer credit, it is your responsibility to confer with the receiving institution before enrolling, as each individual academic institution decides whether or not to accept Extension's credits.

### How long is each course?

Two unit courses run for approximately 6 weeks; three unit courses run for approximately 9 weeks; and four unit courses run for approximately 11 weeks. For exact course dates of upcoming sections, visit the webpage of the course you are interested in taking on our website.

### How many hours can I expect to spend studying outside of class time?

Each student has his/her own learning style, so this can vary greatly. As a rule of thumb, students can expect to spend three to five hours per week outside of the classroom on homework.

### How are online classes formatted?

Online classes are held asynchronously, which means class sessions are not held live and you do not need to login at particular days or times. Instead, students will be required to complete assignments, participate in discussion board forums, and review lecture recordings at their own pace each week on [Blackboard](#), which is our online learning management system. Please [click here](#) to view a sample course tour to see if this format suits your learning style.

### What are the required textbooks for a course?

Instructors will post the current text requirements and recommendations on the course page on our website. Please note the textbooks requirements are subject to change every quarter, and different instructors may require different books, even if they are teaching the same course in the same quarter. Be sure to check the textbook requirements *for the section in which you are enrolled in*.

### Will I be able to order the required textbooks before the class begins?

Yes, you can order the book(s) any time after enrolling in the course. You may order books through the campus bookstore or online retailers, such as Amazon.com.

### Can I take a course without registering for the certificate?

Yes, you may take any course in this program without registering for the certificate, provided you have fulfilled any and all prerequisites for the course. Contact the Program Manager at [HRPrograms@ucsd.edu](mailto:HRPrograms@ucsd.edu) or 858-534-8148 for details.

### What are the instructors' credentials?

The program courses are taught by qualified practitioners in the field. You can find information about a course instructor (e.g. biography and credentials) on the course page.

## How do I communicate with a course instructor if I have a question during the course?

Each instructor has his/her own preferred method of communication and response policy, which should be detailed on the course syllabus or explained during the first class session. However, most instructors utilize email and should respond within 24-48 hours.

## After I enroll in a course, how can I retrieve a receipt or enrollment verification for my records?

Login to your [My Extension](#) account and select “Documents” as the top of the page.

## How will I receive my final course grade?
