UC San Diego Extension is required to evaluate previously completed coursework for students using VA Education Benefits. Students must submit official transcripts of all post-secondary education to the Extension VA Representatives prior to enrolling in courses. UC San Diego Extension evaluates all supporting documents to determine if any credit may be applied to the student’s approved program of study. Students granted credit will have their training program and tuition reduced proportionately.

List all previous post-secondary educational institutions attended: Highest level of education obtained:

I certify that the information I have provided on this form is true and accurate to the best of my knowledge. I understand that omission of any information, or reporting untrue information, may result in the termination of my benefits at UC San Diego Extension.

STUDENT SIGNATURE DATE

*All US citizens, permanent residents, and non-resident aliens who intend to, or will file a US tax return for the purpose of an educational tax credit need to provide a SSN/ITIN at enrollment by calling Student Services or updating their My Extension account. Students who do not provide a SSN/ITIN may be subject to a $50 fine by the IRS.
Please read and sign that you understand the policies and procedures below.

**VA Student Responsibilities**

I understand that it is my sole responsibility to notify the UC San Diego Extension VA Education Benefits Coordinator in writing of any changes to my student records within 3 business days. I understand that I must report course drops, course failures, course cancellations, course date changes, grade option changes, and/or withdrawal from a program. I understand that in order to make changes to my program/area of study, I must submit a written request to the VA Education Benefits Coordinator.

I agree to provide UC San Diego Extension with supporting documentation necessary to determine if any credit may be granted for my approved program. I understand that failure to submit my official transcript(s) may result in a delay of certification or delay of future course enrollment at UC San Diego Extension, until my official transcript(s) are received.

I understand that UC San Diego Extension will hold me responsible for any tuition fees not paid by the VA, or payments rescinded by the VA. Receiving grades of Not for Credit (NFC), No Record (NR), Fail (F), or Not Passing (NP), may result in a reduction in benefits for all VA funded students. Please note: UC San Diego Extension does not issue Withdrawals (W) as a grade designation for general Extension classes.

Failure to notify my VA Education Benefits Coordinator of any actions that may affect my status or program requirements may result in termination of my benefits and/or retroactive billing of my benefits.

**Academic Performance - IMPORTANT**

Students funded by the VA are required to meet minimum satisfactory progress. I understand that if my GPA falls Below 2.0 for one (1) quarter, I will be put on academic probation. If my GPA falls below 2.0 for two (2) consecutive quarters, my benefits will be terminated. To reinstate my benefits, I must meet with the VA Education Benefits Coordinator to establish an education plan. To resume my benefits, I will also be required to pay for courses out-of-pocket each term until I have raised both GPAs to 2.0 or higher.

**Verification of Enrollment**

UC San Diego Extension students using benefits under the Montgomery GI Bill® – Active Duty and Selected Reserve must verify attendance each month for non-college degree programs. Students should verify their attendance on the last calendar day of the month to receive monthly payments from the VA. Please note: Students using Post 9/11 GI Bill® benefits are not required to verify attendance.

Your enrollment can be verified by using the Web Automated Verification of Enrollment (WAVE) at https://www.gibill.va.gov/wave, or by calling the toll free Interactive Voice Response (IVR) telephone line at (877) 823-2378.

Students receiving Chapter 35 Dependents’ Educational Assistance (DEA) benefits and are enrolled in a non-college degree program can only verify attendance by calling 1-888-GI BILL-1 (1-888-442-4551).

☐ I have read, understand, and agree to the UC San Diego Terms & Conditions, VA Requirements and Student Responsibilities expected of me while attending UC San Diego Extension under VA benefits.

Accreditation
UC San Diego is accredited by the Western Association of Schools and Colleges (WASC). UC San Diego Extension—like all other UC San Diego schools, colleges, and departments—is accredited by WASC through the University. All courses and certificate programs offered by UC San Diego Extension have been developed and are administered in accordance with Extension policy and the regulations of the Academic Senate of the University of California.

Admission, UC San Diego
Participating in a UC San Diego Extension educational program does not in itself provide preference in admission to the University of California degree programs. Students interested in applying to UC degree programs should refer to the UC Admissions website or the admissions office of the UC campus they wish to attend for details about the admissions process.

Canceled, Discontinued, Filled Classes
Since UCSD Extension receives no state funds to support its programs, courses that do not meet minimum enrollment requirements may be canceled either before the course begins or discontinued after the first class meeting. Please call (858) 534-3400 to verify the status of the course in which you are enrolling.

Sometimes courses fill before your enrollment is received, in which case we will contact you. Be sure to register early to ensure that the class you want is not canceled as a result of low enrollment. UCSD Extension also reserves the right to reschedule or combine courses, to change instructors, or to deny admission to any student.

Credit Card Payments
UCSD Extension accepts the following credit card payment options: Visa, MasterCard, American Express, Discover and Diners Club. When you enroll in coursework, UCSD Extension authorizes your credit card to make sure sufficient credit is available. A hold is placed on funds equal to your course fee total until the enrollment is confirmed. Once confirmed, the actual charge is applied to your credit card account.

Refunds for courses dropped before the published refund deadline or from a reversed fee are processed within seven (7) to ten (10) business days. All credit card refunds are issued to the credit card used during the original transaction.

Credit Card Disputes
Credit card purchases are protected under the Fair Credit Billing Act. For more information on this, visit the Federal Trade Commission Website. Disputing a credit card purchase does not constitute official withdrawal from a course. Students must follow the procedures for dropping coursework.

Dropping a Course
Students enrolled in UCSD Extension courses may officially drop a traditional course at any time before the beginning of the final class meeting. Online courses must be dropped by 11:59 p.m. the day before the scheduled end date of the class. Concurrent Enrollment courses have separate deadlines. Dropping a class to switch sections for a course is considered a drop; all drop/ add/ change deadlines apply when switching sections. If requesting a refund, please refer to the section on “Refunds”. Simply dropping a course does not guarantee a refund of tuition and fees paid at the time of enrollment. Requests must be submitted in
Students who enroll in UCSD Extension courses but do not attend must drop the course prior to the final class meeting to avoid having a negative impact on their official academic record. UCSD Extension instructors do not have the authority to drop a student who has not attended their courses.

Fee Changes
Course and other fees are subject to change without notice.

Grades
Students attending UCSD Extension have the option of taking courses for academic credit or Not for Credit. Further, students selecting the academic credit option have the choice of either the Letter grade or the Pass/No Pass grading option. Letter grades (A, B, C, D, or F) reflect performance in a class and result in grade points that count toward the student’s cumulative GPA. Pass/No Pass grades show that the student has either passed or not passed a course. Courses with P grades count toward unit requirements for a certificate but do not apply to the student’s cumulative GPA.

Not for Credit (NFC) shows course enrollment only. It does not reflect performance or completion of course requirements. Courses in which the student chooses the NFC grading option do not count toward a certificate program and cannot be used to receive academic credit at another institution. Students selecting the Not for Credit grading option will not receive a final grade or units of credit on their transcript. A notation of “NFC” will be listed on the academic record next to the course title. Courses with a NFC grade do not apply to a student’s cumulative GPA. Grades are final when filed by UCSD Extension instructors (except “I” grades). Students may review and print grades by logging in to My Extension. For additional assistance, please call (858) 534-3400.

Grade Appeals
It is important to know that UCSD Extension instructors have the authority to evaluate required course material and to assign a letter grade to each student who was enrolled in that course on the basis of the work required and received for the entire course. However, if you feel that your grade is calculated incorrectly, or that you received a grade based on non-academic criteria, you have the right to question and appeal the final grade. First, try to resolve the problem with your instructor. If you cannot resolve the problem with your instructor, or you believe that non-academic criteria have been used to determine the final grade, you can submit a written complaint to the Program Representative in charge of the course. If you are not satisfied with the results of the written complaint to the Program Representative then you can submit a written complaint to the Academic Director of the Department by providing a detailed response, point by point, explaining why the solution/reason given by the Program Representative is not satisfactory. Grade appeals reviewed by the Academic Director are considered final.

Grade Changes
Students may change their grading option at any time before the final class meeting (please note that Concurrent Enrollment courses have separate deadlines). All requests for grading option changes must be made in writing either through My Extension, in person, by email to unex-reg@ucsd.edu, or by fax (858) 534-8527. Requests for grade changes made after the beginning of the final class meeting will not be accepted.
Incomplete Grade Petitions
A student may petition their instructor for an “I” Incomplete grade if the student’s work is of non-failing quality but is incomplete due to circumstances beyond the student’s control. The student must submit a written petition to the instructor, and only the instructor, detailing the reason why they are unable to complete the remaining coursework along with a suggested proposal to complete the remaining coursework. If the instructor agrees, then the work must be completed per the agreement, but no later than the last day of the following quarter. If coursework is not completed as agreed by that date, the grade automatically reverts to a permanent “F” grade. The petition is filed with the instructor prior to the final class meeting. It is entirely the student’s responsibility to gain the instructor’s approval of the agreement before that time. Legitimate reasons considered to petition for an “I” Incomplete grade include a documented medical illness or compulsory military service. The Incomplete may not be used to retake the course or allow additional time for a student who has fallen behind without a legitimate cause.

Privacy Notification
The Family Educational Rights and Privacy Act (FERPA) afford students certain rights with respect to their education records. UC San Diego Extension is required by federal law to report your social security number and other pertinent information to the Internal Revenue Service pursuant to the reporting requirements imposed by the Taxpayer Relief Act of 1997. UC Extension is committed to respecting the privacy of our students. The information we collect is only used for institutional purposes. If you would like more information regarding your privacy rights, what information we collect and how it is used, please visit our website at extension.ucsd.edu/student

Refunds (Tuition and Fees)
Students dropping a course before the published refund deadline will automatically receive a refund of tuition and fees paid at the time of enrollment. Please refer to the course description for the “No Refund After” date. Late fees, certificate fees and some material/lab fees are non-refundable. Petitions for refunds filed after the published “No Refund After” date are approved only when the student is unable to continue enrollment for one of the following reasons: compulsory military service, serious illness, injury, or hospitalization or an enrollment/administrative error on the part of the University occurs. For more information including how to petition for a refund or to review all Extension policies, visit our website: https://extension.ucsd.edu/student

Returned Checks
There is a $25 service charge for checks returned for insufficient funds, stop payments, and closed accounts. If your check is returned by the bank and you have stopped attending the course, you are still responsible for full payment unless you officially withdrawal before the refund deadline. A stop payment does not constitute official withdrawal. A hold will be placed on your student account and any further enrollment or request for transcripts will not be granted until your account has been paid.

UCSD Extension permanently revokes check writing privileges for all two-time offenders.

Student Conduct (Student Code of Conduct, Academic Integrity, Sexual Misconduct)
The UC San Diego community includes students, staff, faculty, and others who have a vested interest in the University. UC San Diego Extension students are a part of this larger University of California system and are expected to follow the same policies. The UC San Diego Student Conduct Code underscores the pride and the values that define our community and include the UC San Diego’s Principles of Community to further illustrate the expectations of all members of our community. This Code sets forth the applicable standards of our community and authorizes the administration of student conduct at UC San Diego Extension.
The Code applies to all UC San Diego undergraduate, graduate, professional school and Extension students. Additionally, the Code also applies to applicants who become students, for alleged violations committed as part of the application process; applicants who become students, for alleged violations committed on campus and/or while participating in university-supported activities that take place following a student’s submittal of the application through his or her official enrollment; and former students for alleged violations committed while a student. For further information on this policy, please visit: http://students.ucsd.edu/student-life/_organizations/student-conduct/regulations/22.00.html

In addition, Extension students are responsible to follow the UC San Diego Extension Academic Integrity Policy which administers all instances of academic misconduct including, but not limited to, plagiarizing, cheating on exams, allowing someone access to your online course and improper or missing citations. For further information on this policy, please visit: http://extension.ucsd.edu/student/pdf/academicIntegrityPolicy.pdf

Reports of alleged violations involving sex offenses, including sexual assault and sexual misconduct, will be handled under the policies and procedures set forth in the UC San Diego Student Sex Offenses Policy. For further information on this policy, please visit: http://ophd.ucsd.edu/pdf/2009FinalDraftUCSDStudentSexOffensePolicy.pdf

All policy links can also be found on our website at extension.ucsd.edu/student in the FAQ Section. For further information on the procedures concerning these policies, contact:

Transferability of Credit

UC San Diego Extension is not a degree-granting institution. The school or college in which students are registered determines the applicability of UC San Diego Extension courses to their degree programs. Students must check with the receiving institution for transferability. UC San Diego Extension operates on the quarter system, and all credit is given in quarter units; one quarter unit is equivalent to two thirds a semester unit. Each quarter unit signifies approximately ten hours of classroom time.

University Policy

UCSD Extension reserves the right to cancel or reschedule courses, or to change instructors. Because Extension receives no state revenue support, classes may be canceled at or prior to the first scheduled meeting if fewer than the required minimum number of students enroll. Refer to complete details in this section regarding transfers or refunds of enrollment fees.

The State of California Information Practices Act of 1977 (effective July 1, 1978) requires that the university provide the following information to individuals who are asked to supply information about themselves. The principal purpose for requesting information on the enrollment form is for processing your enrollment in UCSD Extension courses. University policy authorizes maintenance of this information. Furnishing all of the information requested on the enrollment form is mandatory if you are enrolling for credit or contact hours. Failure to provide this information will delay or may even prevent completion of the action for which the form is being filled out. Furnishing the information requested on this form is voluntary if you are enrolling for non-credit. The information furnished may be used by various university departments.
for verifying enrollment status and will be transmitted to the state and federal governments if required by law. Individuals have the right of access to this record as it pertains to themselves. Maintenance of the records mentioned above is the responsibility of the chief operating officer, UCSD Extension, University of California, San Diego.

I have read and understand the UC San Diego Extension Terms & Conditions and Student Conduct Policies regarding registration, fees and refunds.
